

Press Release

“Neogas” company joined “Restore Borjomi Forest”

“Neogas” daughter company of Georgian Industrial Group joined the campaign “Restore Borjomi Forest” for the restoration of Borjomi forest. At the first stage 500 young plants have been purchased within the framework of the mentioned campaign. Representatives of the company “Neogas” participated in the informative tour held on May 27 under the auspices of www.aghadgine.ge and got acquainted with the restoration activities of Borjomi Forest on place. They personally surveyed and selected the area to be restored on the territory of Borjomi Forest.

Georgian International Energy Corporation" (GIEC) was established in July 2005. Today it holds 100% of shares of GIG. GIEC's main strategic business unit includes the production and sale of natural gas. Within the year 2012 company elaborated the development concept for CNG filling stations introducing new brand NEOGAS. The first filling station under the NEOGAS brand name has been launched on December 29, 2012. For the year 2014, besides the continued technological re-equipment of existing facilities, the plans are scheduled to bring about brand new NEOGAS stations constructed, all existing stations rebranded, as well as new communication platform introduced. All above mentioned will enable “Georgian International Energy Corporation” to increase service quality, brand identity and accessibility.
